

We Furnish Dreams

Costantini Pietro's name has been associated with stylish design & sophisticated modern furniture for living spaces since 1922.

Costantini Pietro's name has been associated with stylish design and sophisticated modern furniture for living spaces since 1922. The design firm has been providing high-style contemporary furniture that makes a grand impression in modern homes. A 100% Made in Italy product range boasting outstanding excellence in design and detail, material quality and craftsmanship. The design firm creates tables and chairs that compliments contemporary spaces and combines function with style that feature such distinctive designs that they serve as pieces of sculptural art as well. The furnishings from the Costantini Pietro collection help contemporary homes achieve unique character and style.

Made in Italy

Design and production take place exclusively at our facility in San Vito al Torre, where there is a thriving culture of experimentation and a constant quest for exciting new design styles, like matching the most unusual material combinations.

Seating, Living & Dining

Chairs, armchairs, sofas, occasional chairs and stools. The luxurious, elegant Costantini Pietro style combines with function and comfort in these pieces. Each chair model can be customized in a range of finishes and upholstery materials.

Accessories enhance the overall Costantini look for a truly elegant living area, an iconic blend of luxury and functionality.

Costantini Pietro design tables are tasteful and elegantly styled. These iconic models become the key feature of the living area. Flexible sizes help create a unique, elegant look wherever these pieces are positioned.

Sign Collection

The new Costantini collection, designed by Giuseppe Viganò and Studio Viganò, explores modern design without foregoing the company's hallmark traits. Sign aims to be an elegant, tasteful collection derived from an artistic style, an architectural expression that forms the basis of the mood of the design. Inspiration drawn from the world of architecture becomes the approach for a modern yet luxurious style. Minimal chic is also transmitted via the use of valuable materials and meticulous details.
