

TABLE SETTING

Beyond&More has added to its portfolio the Tuky side table by Wittmann, an Austrian furniture company. Conceptualized by designer Luca Nichetto in 2022, the table is made of laminated wood, with an open-pored varnish that preserves its natural character and strength. What truly sets the Tuky side table apart is its ingenious swivelling mechanism, ensuring the tabletop is always within reach, whether for your laptop, coffee, or books. This functionality demands expert workmanship, as the tabletop's centre of gravity dynamically adjusts with each repositioning. ([instagram.com/beyondmore](https://www.instagram.com/beyondmore))

BESPOKE OFFERINGS

Interwood's products are loved for their innovative designs, superior craftsmanship, and use of high-quality materials. Chairman Hardeep Sawhney unveiled the firm's 16th outpost in the heart of Hyderabad. This new store and experience centre houses over 14 curated ensembles of Interwood's modular kitchens and wardrobes. The outlet works on the brand's "design, develop, and install" principle, where every kitchen and wardrobe is customized as per a client's requirements. ([interwood.in](https://www.interwood.in))
